

Local Items.

Donovan—Artistic Tailor

Mr. James Tolbert, of this township, buried his year-old child last Saturday.

Mr. Frank Myers is having a brand new roof on his residence on Walnut street.

Mrs. Ella Ward, of New Lexington, is visiting her mother, Mrs. McBride, this week.

O. C. Pierce was called to Jackson Monday to attend the funeral of his wife's sister.

Mr. and Mrs. W. R. Bell, of East Hunter street, are visiting in Perry County this week.

Mrs. Homer Wright and daughter, Blanche, attended the Patti Concert in Cincinnati last week.

Miss Anna Lehman, of Nelsonville, and Mr. George Pannabaker, of Lancaster, attended the funeral of Mr. Rufus Smoot, Saturday.

Mr. Henry Schaefer, of East Second street, who has been seriously ill for the past three weeks, we are glad to learn, is rapidly improving.

Col. Edavenport shed the shadow of his aversus upon the statement in Columbus, Monday. The House did not go into session until after his departure.

Married, at the bride's home about five miles south of Logan, Sunday, Feb. 14th, by the Rev. L. F. Mittler. Mr. Michael Flansel and Miss Maggie Flengse, all of this county.

A petition is in circulation, receiving the signatures of almost all to whom it is presented, asking the council to take steps looking to an enabling act to bond the town for Electric Light.

Oil has been discovered at Cornin in paying quantities. About 300 acres of land has been leased and active operations will begin at once. Mr. Maurice Dinahoe is president of the company, which is an assurance of its financial capability and integrity.

Emily Brown, colored, aged about 60, died at the residence of Charles Workman, Oakland, Friday evening last at 8 p. m. Funeral services from the house, Sunday afternoon at 2:30 by Rev. Samuel Bronson. Her remains were interred in the old cemetery.

Mr. Rufus Smoot, aged 21 yrs., died at the residence of his father, in Farmington, last Thursday night of consumption. His remains were interred in the old cemetery, Saturday at 2 p. m. The services were conducted by Rev. Luccock, from the Methodist church.

Prof. Bruce Dollison, of the Sentinel, left his short hand studies in the Zanesville Commercial College and came home to Logan last night to lead in long hand music for the return Leap Year Ball. It is needless to add the Ball was a nuptial type of success. Bruce is a Bassanigist.

We had a pleasant call yesterday from Mr. John Conkle and wife, of Ewing. Mr. Conkle is one of our best citizens and he and his good wife are always welcomed in the Sentinel office and in all places they visit within Logan. Our farmers are all invited to call and see how a paper is put together and bring their wives with them.

Nelsonville, a suburb of Logan, has electric light, which pays to the owners of the plant three dollars for every dollar invested and gives the public a satisfactory light. With this light directing them, our lively neighbor proposes now bonding the town—\$50,000 for water works and \$25,000 for Slaughter.

Bro. Phil Cullinan, of the New Lexington Herald, has been elected president of the Zanesville Fire Clay Brick Company. The business of the company has been a great success, paying 15 per cent dividend. Under Mr. Cullinan's management we are assured it will continue to grow and prosper.

We publish this week the card of the law firm of Weldy & Buerhaus. These gentlemen make a strong firm. Both are able lawyers and working in combination will be certain to get all that is in a case out of it. They each have their separate offices, across the hall from each other. One room is for consultation.

Hon. John McBride, formerly president of the Ohio Miners Union, has resigned his position as State Commissioner of Labor Statistics to take place he was appointed by Governor Campbell, and accepted the office of president of the United Mine Workers of America. The honor conferred by this high office is well deserved.

Hon. W. Lewis, formerly of Shawnee a Republican candidate for Congress against Dungan, has been appointed by Gov. McKinley as Commissioner of Labor Statistics to fill the vacancy occasioned by the resignation of John McBride. From a Republican stand point the appointment is a deserved one. Mr. Lewis is a practical man, and well fitted for the place.

Father Howard, the much esteemed minister in charge of the Catholic church in this place last fall, is located in Jackson, and on next Thursday evening, the 25th, will give a Fair and Festival for the benefit of Holy Trinity church, at that place. A number of Logan people will attend. We bespeak the affair a success.

The farmers should attend the Yankee comedy of farm life in New England next Wednesday evening. It will be a pleasant surprise to the Farmer's Institute. We will not see the boy turning the grindstone, mowing wheat, the girl milking the kicking cow, and other such attractive work which makes the country boy so fond of farm life, but there will be lots of funny things.

JOHN BICKEL ACQUITTED.

The Result of the Trial Gives General Satisfaction.

The court room on last Saturday was crowded to hear the preliminary trial of John Bickel. About fifty witnesses were present, all of whom testified to the good character of the young man, and of the cruel, heartless nature of the man killed. The prosecuting attorney, before all the witnesses summoned or in attendance from personal wish, had testified, arose and stated that from the testimony given by the neighbors who knew the past record of the family, and the long line of cruelty leading to the tragedy, the State of Ohio had no disposition and no evidence on which to base a case, and asked that the prisoner be discharged.

This was hailed by the audience with loud and continued applause, and young Bickel went forth a free man, exonerated by the sentiment of the public who knew him and the circumstances which led to the tragedy.

The Yankee Comedy.

Full houses to the door greeted Mr. J. C. Lewis and Company at the Orpheum Opera House on Saturday and Sunday nights in his Yankee Comedy, "Si Plunkard," for its first two performances. The play has caught on.

"Si Plunkard" is a graphic and amusing picture of rural life and characterizations. Mr. Lewis in the title role of the Yankee peddler and drum major in the Fairview Band, brings plenty of humor to his part and creates a deal of amusement. The inventor, the bogus stock speculator, the old farmer and Si's pretty sweetheart are all well sustained characters.

There is a deal that is novel in the play. The farm scene with its thrashing machine at work captures the audience. Clever specialties are introduced by several of the company. The band is notably good.—San Francisco Daily Fiasco, May 19.

At Rempel's Opera House, Friday evening, February 24.

The Electric Light Question.

This question has been talked of and about a good deal. There seems to be a general wish for electric light, better light for less money.

The points not settled are, how to get the light: By home capital organized as co partnership or stock, by foreign capital or by bonding the town and having the plant a city property. Each of the plans has its advocates, and either plan is a good one, if it gives us better and cheaper light. The question is, which is the best.

The Sentinel is for electric light, and like the public it wants the best at the lowest possible price consistent with the desired result. Our columns are open for discussion.

If what you think, you have printed, the thought is preserved *et litera serpsa manet*. Let us read what you think about this question. Agitation, discussion, investigation, will give us more light in many ways than one.

Ex Soldiers and Sailors Attention.

J. K. Rochester Post G. A. R. will hold open meeting Friday evening Feb. 19. All Ex Soldiers and their wives are cordially invited to be present at 7 o'clock sharp to arrange to take part with the P. O. S. of A. in celebrating Washington's Birthday, Feb. 22nd and Women's Relief Corps business.

J. T. McCormick, P. C.

A GOOD LAW FEE.

Messrs Judge Bright, Freisner and Buerhaus, attorneys in the Ball Will Case, defending the will, were allowed one thousand dollars each. Three thousand in all.

This is the largest attorney fee ever paid in this county.

For nobly crush Hats go to Brown Bros.

WASHINGTON'S BIRTHDAY.

The P. O. S. of A. will celebrate Washington's Birthday in Logan by a parade, dinner and speeches. Members of the order from adjoining towns are expected to be present.

All the Latest Colors and Popular Shapes in ties at Brown Bros.

Rochester & Sons, the old and reliable dry goods firm promises to out do all former years in the way of bargains. They have ordered a larger stock of spring goods than ever before and will therefore be able to show a variety in both goods and prices.

If you want a monument or tombstone, or lime, plaster paris or cement you should give us a call. EISKE & McLAIN.

All the latest styles in Hats at Brown Bros.

HENRY LUTZ'S MACHINE WORKS.

An Embodiment of Talent and Skill, an Inventor, a Mechanic.

Mr. Henry Lutz, of our city, is a born mechanic. There is no machine made of iron or steel that he can not make, unless it be, perhaps, for want of room to work in, if a locomotive or an engine was desired. He is skillful with tools as a repairer not only in mending a break, but is sensible in knowing just how to do it.

His reputation will rest on his inventions. He is the patentee of a number of most useful devices for every day life of every day people. Particularly may we mention his improvements in machinery, his car steps, and his last, the fire lighter.

The last invention is one that has long been needed to supplement the match. It lights the match and the kindling is ignited, the fire burns and the room is warm, and the operator, man or wife, of this cute servant, can he snugly in bed until the chill of the room is warmed with comfort.

It is not in our pencil nor type to describe this happy invention. You wake up. You lie in bed. It is freezy cold. You pull a string. The lighter does the rest.

It is worth the while of those of the household whose business it is to light the morning fire to call at the shop and see this wonderful contrivance.

It will be interesting to all to go and see his wonderful machinery, powerful as forty horses, as quiet as little mice, and as obedient to the hand of the master as a child to the nod of the parent.

Master Charley is fast catching up with his father, and his supple fingers can do about everything his old father's hand can contrive.

Go and see Hen Lutz's shop and his works.

OBITUARY.

Mrs. Margaret Kleinschmidt, whose maiden name was Treisch, was born March 4th 1804, at Krombach, Grand Duchy of Hesse, Germany.

In early childhood she was given to the Lord through the sacrament of holy baptism. At the age of 14 years after she had received due instruction in the doctrines of Christianity, she was by confirmation received into membership of the Evangelical Lutheran church. To this confirmation work she remained faithful to the end of her long life.

In the year 1826, she was united in holy wedlock to Mr. George Lewis Kleinschmidt. This union was blessed by 8 children, 5 sons and 3 daughters, of whom 2 sons have preceded their mother to eternity, the one died in infancy in Germany and the other lost his life 24 years ago through an accident at the Logan blast furnace.

In 1827 the deceased in company with her husband and children emigrated to the United States of America and came at once here to Logan where they joined one of their sons and daughters who had settled here a short time before. In the year 1873 the departed was bereft of her husband by death. She bore this great loss with Christian fortitude and resignation.

Mrs. Kleinschmidt possessed, in a great measure, the valuable gift of good health and only during the last few years, on account of her advanced age bodily ailments made their appearance. She was an industrious person, a true helpmate to her husband, a loving mother to her children and kind to all her neighbors. She possessed a firm and child like faith in her Redeemer and whether in sunshine or gloom, in prosperity or adversity she humbly submitted to the will of her Lord and Master. To read or to listen to the word of God was her greatest delight. Even during her last sickness which was but six weeks, she had portions of the bible read to her and engaged in earnest prayer, imploring the Lord to take her unto Himself. This petition was fulfilled to her Tuesday afternoon, Feb. 6th at 2 o'clock. She calmly fell asleep—fell asleep in Jesus, as we have good reason to hope. The days of her pilgrimage number 87 years, 11 months and 5 days.

Her funeral took place Thursday morning at 10 o'clock and was largely attended by mourning friends and relatives. A few appropriate services at the house of mourning and also at the Lutheran church of our city, her body was laid to rest in the old cemetery to await the resurrection of the dead. Three sons, 3 daughters, 49 grand children and 25 great grand children mourn her loss.

L. F. Mittler.

Northern Lights.

The display of Northern Lights last Saturday evening was unprecedented in phenomena of this character witnessed in this generation.

The Aurora Borealis is not unusual, but the vividness of the recent display has had no parallel in the knowledge of living men. The display was observed on an extent of over a thousand miles. Its appearance was not predicted. Its effects upon our earth and the inhabitants thereof can only be conjectured. The telegraph service was considerably disturbed. For want of knowing anything about what the Northern Light is we all say, "Electricity," and dismiss it.

Brown Bros. have the nicest line of Neckwear in Logan.

THE FARMERS' INSTITUTE.

An Interesting and Instructive Convention of Intelligent Farmers.

The Farmers Institute held session in Logan on Monday and Tuesday of this week. The lectures and discussions were practical and highly instructive. We have full report of the proceedings of the meetings, which will be published next week.

All the important matters of farm life were intelligently discussed. The report will be interesting reading.

A PRIZE BEEF.

Geo. Heine, the popular butcher, informs us that he will bring to the city, this morning, one of the finest 5 year old steers ever butchered in this county, which he proposes to publicly weigh on the city scales. Considering the quality, he claims this to be the heaviest and best. Those who do not get to see the beef on foot are invited to call at his shop, in the Gimble block, and see it dressed, get a nice, juicy steak, a luscious roast or an excellent boil. Mr. Heine, as a butcher, cannot be surpassed, and his determination to supply the trade with none but "the finest" meets the hearty approval of the public generally and will put many new customers "on the list."

Excursion to New Orleans.

Excursion tickets at exceedingly low rates of fare will be sold by agents of the Buckeye Route to New Orleans, La. and Mobile, Ala. Feb. 22nd to 28th, good returning until March 22nd. For particulars call on or write Agents of the C. H. V. & T. Ry. or W. H. Fisher, G. P. & T. A. Columbus, O.

We are glad to know that Mr. Frank Blasius, sr., who has been quite sick for the past week, is well enough to be out and attending to business again.

Married by Rev. Moore, Miss Sadie Frasch to Mr. Fisher, of Dakota.

Brown Bros. have the finest and most complete line of Furniture and Furnishing goods in the Valley.

Died: Wednesday morning, the infant child of Peter Michel.

Spring Elections.

The School Examiners of Teachers of Hocking County, Ohio, will meet at the Union School House on the following dates: First and Third Saturdays of each month, at 8 o'clock, A. M., except January, July and August, when they will meet on the 1st, 15th and 30th of each month.

Testimonials of good character will be required of those who are to be examined.

W. E. ELLIOTT, Examiners.

WRECK ON THE WABASH.

Two Through Trains Collide Near Hannibal, Mo.

By a collision between two through passenger trains on the Wabash railroad at Hannibal, Ill., about two miles east of Hannibal, Mo. at least eight persons were killed and a number injured. The trains were passing each other at the time of the collision. The train from Hannibal to St. Louis was traveling westward, and the train from St. Louis to Hannibal was traveling eastward. The collision occurred at a crossing where the two tracks crossed each other at an angle.

To Prove Sam'l of Posen's Innocence.

The defense of M. B. Curtis, the actor, who is accused of the murder of Police- man Grant of San Francisco, is in the hands of George A. Knight and W. W. Foote, two of the most skillful criminal lawyers in the state. They claim that they will not only be able to prove Curtis' innocence, but to fasten the crime on the real culprit, who, they say, has been hitherto overlooked by the police. The lawyers claim further that the police have abused witnesses. On the other hand, the department has secured a large amount of damaging evidence. The trial is set for January 11.

A Skirmish With Greasers.

A dispatch to government soldiers stationed at San Antonio, Tex., says that Second Lieutenant Langborn of the Third cavalry, with 30 regulars and a posse of deputy marshals, struck one of the Garza bands, and an engagement followed. The bandits were found five miles above Rio Grande City and many shots were exchanged. Some Mexicans wounded and some of the United States people were hurt. Colonel Pablo Muniz was captured and also two gross of counterfeit revolutionary badges. Private Walker is especially mentioned for bravery. Juan Antonio Flores, a follower of Garza in Leon, Mexico, issued an anti-proclamation calling upon all patriotic Mexicans to take up arms with Garza and assist in overthrowing Diaz and restoring the constitution.

Uncle Sam's Money Bags.

The revenues of the government for the month of December were \$28,000,000, or \$2,500,000 less than the expenditures during the same period last year. This has the effect of reducing the treasury cash balance to \$20,405,749, leaving \$14,000,000 in subsidiary silver and \$12,356,927 on deposit with national banks. The balance due to the treasury was \$20,405,749, or \$2,500,000 less than the expenditures during the same period last year. This has the effect of reducing the treasury cash balance to \$20,405,749, leaving \$14,000,000 in subsidiary silver and \$12,356,927 on deposit with national banks.

Consumed by Fire.

A fire at Hannibal, Cal., consumed a frame lodging house, and four persons perished and six others were badly injured. The fire originated in the explosion of a coal oil stove, the flames spreading rapidly through the flimsy structure and quickly ignited the Methodist church and two adjoining dwellings. The inmates of the two dwellings consumed awakened to find escape by the back cut off, and many of them jumped from the windows, receiving more or less severe injuries.

15 Were Drowned.

A London cable says: A steamer believed to be the Red Star liner Nordland, of the Hamburg-American line, ran down the British bark Childers, which was carrying a large cargo of coal, and the two vessels sank and 15 men were drowned. The steamer continued on her voyage without offering assistance. The Great Eastern company's steamer Ipswich rescued the captain and the remainder of the crew, who were found clinging to the only remaining mast.

Under Falling Walls.

Nashville, Tenn., has just been visited by the most disastrous fire in years. Property to the amount of \$500,000 was destroyed with a little over \$300,000 insurance. The colored fire brigade while fighting the fire from the roof of an adjoining building was caught in a falling wall and three of the ladies were crushed to death and their bodies burned beyond recognition.

Now the Republicans' Chance.

Senator Carpenter has introduced a bill in the Ohio senate to restrict the state and wipe out the Democratic gerrymander. The bill caused considerable comment among the politicians, and as it was the latest thing out, was discussed in many quarters. The bill suits a great many, while it doesn't suit others. However, it is regarded as a fair measure, as all of the proposed districts are well balanced as to population. The bill gives six democratic districts and 15 republican ones.

Remembered Russell Sage.

A tall, stoutly built man with a black mustache, and carrying a bag, stopped into the office of T. Conant's shoe factor, at Columbus, Ohio, and approached Mr. Conant. J. R. Sage exclaimed: "Give me \$2,500 or I will drop this bag." Vision of Russell Sage danced before Mr. Sage's eyes, and he quickly gave the man \$2,500 payable to G. A. Franze, and bowed his visitor out.

A Great Convenience.

Outside passengers by one of the London road car services were recently astonished to find fixed to their seats a funnel containing an umbrella, which might be used without extra charge, on wet days. The only condition attached to its employment was the modest request that it should be replaced.

Thousands of Islands.

In the Georgian Bay, the north extension of Lake Huron, there are thousands of small islands on which the Huron Indians took refuge when their enemies, the Iroquois, overcame them in 1649.

CUSTER'S DEATH.

A Connecticut Man Says He Brought It on Himself by Not Obeying Orders. In his memorial sermon at the funeral of Maj. Gen. Alfred R. Terry, Rev. Theodore T. Munger, pastor of the United church, of New Haven, Ct., referred to the cause of Gen. Custer's death in June, 1876. He said: "Custer's fatal movement was in direct violation of both verbal and written orders. When his might be used without extra charge, on wet days. The only condition attached to its employment was the modest request that it should be replaced."

Nothing has been heard of the whereabouts of Jan. Hoffman, a German who mysteriously disappeared from New Orleans a few weeks ago.

Chattle Mortgage

SALE OF

BOOTS, SHOES & HOSIERY

\$10,000 WORTH TO BE SOLD. \$10,000
